

2-Digit Addition with Regrouping Worksheet - Answer Key

2nd Grade - two-digit addition with regrouping | 15 minutes

Add. Carry a ten into the tens column when the ones add up to 10 or more.

Example: $37 + 28$: $7 + 8 = 15$, write 5 and carry 1; $1 + 3 + 2 = 6$. So $37 + 28 = 65$.
