

2-Digit Subtraction Without Regrouping Worksheet - Answer Key

2nd Grade - two-digit subtraction without regrouping | 12 minutes

Subtract. Subtract the ones first, then the tens. Keep the columns lined up.

Example: $48 - 23$: ones $8 - 3 = 5$; tens $4 - 2 = 2$. So $48 - 23 = 25$.

1. $48 - 23 =$

Answer: 25

2. $67 - 45 =$

Answer: 22

3. $89 - 34 =$

Answer: 55

4. $56 - 12 =$

Answer: 44

5. $75 - 50 =$

Answer: 25

6. $99 - 47 =$

Answer: 52
