

# Scaled Bar Graphs Worksheet - Answer Key

3rd Grade - reading a scaled bar graph | 14 minutes

---

Use the bar graph to answer each question. Notice the scale counts by 5. The graph shows books read by each class.

1. How many books did Room 4 read?

**Answer: 30**

2. How many books did Room 1 read?

**Answer: 15**

3. Which room read the most books?

**Answer: Room 4**

4. How many more books did Room 2 read than Room 3?

**Answer:  $25 - 10 = 15$  more**

5. How many books did Room 1 and Room 3 read together?

**Answer:  $15 + 10 = 25$  books**

6. How many books did Room 2 and Room 4 read together?

**Answer:  $25 + 30 = 55$  books**

## Challenge

7. How many books did all four rooms read in all?

**Answer:  $15 + 25 + 10 + 30 = 80$  books**

8. Room 3 wants to match Room 2. How many more books does Room 3 need?

**Answer:  $25 - 10 = 15$  more books**
