

Doubles and Doubles Plus One Worksheet

1st Grade - doubles and doubles-plus-one strategy | 10 minutes

Name: _____ Date: _____

Add. Use a doubles fact to help. A doubles-plus-one is the double and one more.

Example: $6 + 7$: $6 + 6 = 12$, and one more is 13. So $6 + 7 = 13$.

1. $4 + 4 =$

2. $6 + 6 =$

3. $8 + 8 =$

4. $4 + 5 =$

5. $6 + 7 =$

6. $7 + 8 =$

7. $5 + 5 =$

8. $5 + 6 =$

9. $9 + 9 =$

10. $3 + 4 =$

Challenge

11. Use a double to solve $8 + 9$. Which double helps?

12. Why is $6 + 7$ one more than $6 + 6$?
