

1st Grade Fractions: Halves and Fourths

1st Grade - partitioning into halves and fourths (equal shares) | 12 minutes

Name: _____ Date: _____

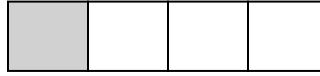

Each bar is split into equal parts. Write whether the parts are halves or fourths.

Example: A bar split into 2 equal parts shows halves. A bar split into 4 equal parts shows fourths.

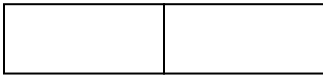

1. Are these halves or fourths?

2. Are these halves or fourths?

3. Are these halves or fourths?

4. Are these halves or fourths?

5. Are these halves or fourths?

6. Are these halves or fourths?

Challenge

7. Which is bigger: one half of a pizza or one fourth of the same pizza?

8. How many fourths make one whole?
