

2-Digit Addition with Regrouping Worksheet

2nd Grade - two-digit addition with regrouping | 15 minutes

Name: _____ Date: _____

Add. Carry a ten into the tens column when the ones add up to 10 or more.

Example: $37 + 28$: $7 + 8 = 15$, write 5 and carry 1; $1 + 3 + 2 = 6$. So $37 + 28 = 65$.

1. $37 + 28 =$

2. $46 + 19 =$

3. $58 + 27 =$

4. $25 + 49 =$

5. $63 + 18 =$

6. $29 + 36 =$

7. $47 + 47 =$

8. $54 + 38 =$

Challenge

9. A class read 48 books in May and 35 in June. How many in all?

10. $26 + \underline{\quad} = 50$. What is the missing number?
