

Comparing 3-Digit Numbers Worksheet

2nd Grade - comparing three-digit numbers | 12 minutes

Name: _____ Date: _____

Write >, <, or = between each pair of numbers. Compare the hundreds first.

Example: 345 ___ 354: hundreds are equal ($3 = 3$); tens $4 < 5$, so $345 < 354$.

1. 345 ___ 354

2. 678 ___ 678

3. 412 ___ 421

4. 590 ___ 509

5. 233 ___ 232

6. 700 ___ 699

7. 156 ___ 165

8. 888 ___ 888

Challenge

9. Order these from least to greatest: 412, 421, 124

10. Why is 700 greater than 699?
