

2-Digit Subtraction Without Regrouping Worksheet

2nd Grade - two-digit subtraction without regrouping | 12 minutes

Name: _____ Date: _____

Subtract. Subtract the ones first, then the tens. Keep the columns lined up.

Example: $48 - 23$: ones $8 - 3 = 5$; tens $4 - 2 = 2$. So $48 - 23 = 25$.

1. $48 - 23 =$

2. $67 - 45 =$

3. $89 - 34 =$

4. $56 - 12 =$

5. $75 - 50 =$

6. $99 - 47 =$

7. $64 - 31 =$

8. $86 - 25 =$

Challenge

9. There were 68 stickers. 25 were given away. How many are left?

10. $57 - \underline{\quad} = 34$. What is the missing number?
