

St. Patrick's Day Multiplication Worksheet

3rd Grade - St. Patrick's Day multiplication facts | 12 minutes

Name: _____ Date: _____

Solve each multiplication fact and each missing factor problem. Show your thinking for the story problem.

Example: $4 \times 3 = 12$ shamrocks

① 4×3

② 6×2

③ 5×4

④ 7×3

⑤ 8×2

⑥ 5×6

⑦ 9×4

⑧ 3×7

⑨ $4 \times \underline{\quad} = 20$

⑩ $\underline{\quad} \times 6 = 24$

⑪ $8 \times \underline{\quad} = 32$

⑫ $\underline{\quad} \times 9 = 45$

Challenge

⑬ There are 5 pots of gold with 6 coins in each. How many coins in all?

⑭ Write the fact family for 3, 4, and 12.
